NHL 19 features a new game engine powered by the Frostbite Engine. Players experience authentic skating style movement and puck physics, new AI-driven puck controls, and a next-generation version of the AI that learns from your mistakes and make smarter decisions. Call of Duty: Modern Warfare returns for its sixth anniversary with Warzone, a four-player cooperative mode where players work together to fight off waves of enemies and complete assignments. Warzone is available to select players immediately upon launch and can be played on every platform. A brand-new Hero, Amara, joins the multiplayer lineup and fans will be able to play as her exclusively in the PlayStation 4 Pro and Xbox One S versions of the game. Amara is a dark-skinned female ninja from a mysterious island that was settled a millennium ago by a ninja clan. She is one of the most powerful assassins in the world, but she is also the only one capable of stopping the legendary Spider Assassin. Console-exclusive multiplayer modes include new Team Deathmatch and Deathmatch, which can

now be played on the new Warzone multiplayer mode. The Faction War mode, which enables players to play multiplayer matches in escalating battles between their favorite factions, returns. In the Mode we will see an uprising of the common people against the corrupt elites. Players will pick one of eight unique uprising factions and play multiplayer matches to gain control of the city. The Mode will include a playable prologue. The Story Campaign returns and features an updated version of the Escape From Leviathan single-player map as well as new playable characters such as the Programmer, Balder, who was created by the Scottish programmer John Stommer, and the "Black Widow," Jennifer, a ninja assassin who is hired by the leader of the Resistance to assassinate a member of the council. The Mode also features a new Chapter select screen with updated commentary, in-game cutscenes, and enhanced gameplay. Scary Stories continues the Halloween season with a spooky new experience. The Stalkers The New Dead – the elusive "Ghosts" – who previously terrorized the town of Lighthaven – are back as well. In October 2018, the first entry in the series, Shattered Memories, released on PlayStation 4, Xbox One, and PC. This edition was exclusive to the PlayStation 4. In Shattered Memories players are trapped in a virtual reality simulation, one created by a terrorist organization that is hunting and killing
