
Pcdj Red 5.2 Serial Number

August 13, 2013 - When I want to mix music after running pcdj red 5.2, it asks for a license code that I don't know. The license code is on the supplied CD ... If I buy a CD, how can I get the license code? Is there a way to do this? Thanks You can buy a license code on the manufacturer's website pcdj Red 5.2 in English. Or you can find a website for this anywhere with a translator. You can then use the program to import this code so that you can get all the settings you need. Please note that in order to import the code, you must have a licensed version of the software you purchased.
