Announcement

The Fantasy MMO Tarnished will be released in Japan in July 2015. We would like to inform you that we have officially signed an agreement to sell Tarnished in the Japanese market. This means that we will take responsibility for the administration and operation of the Japanese version of the game. This will also bring many new experiences. Please look forward to it and warmly welcome us! We are experiencing lots of challenges towards reaching our goal. However, if we are able to complete the work with passionate people, we think you will enjoy Tarnished even more than we have enjoyed working on it. Thank you, -Takako Ida, President of SGO
