There is no one typography skill(s) that you possess which is more important than the other. For example, I might be a great typographer at micro-type, I might also be a great graphic designer, and I might come from a background of screen and print design; normally I combine all the skills in one project. Here's an example of a project which required me to combine the skills of micro-type, mocko point and calligraphy. The player's task is to destroy all enemies that come across on the way. Classic Pipe Style GamePLAY VIDEO Pipe Style GamePLAY VIDEO More pipe style games More Retro Fun Games About the author The "retro" style of games should appeal to the audiences that are fascinated by the retro games of the past and of course those that love "rips!". With the upcoming generation of consoles having more than enough power, these new machines will provide a super-cool experience for retro gamers. The 8-bit machine and the retro appearance of a game can provide a lasting impression and create a strong connection with the player, and this is a crucial part of gameplay. So if you have a game that is based on the retro style, the setting should be retro as well and evoke nostalgia for game designers. They should also provide a unique gameplay for these retro games, like the ones that we present in Pipe Style. Recent comments from Retro Classic Arcade Classics: Total 0 Pipe Style Game Trailer Game Description: Sweet retro style game! The player's task is to destroy all enemies that come across on the way. GAME LOCATION The game takes place on a location made in the style of the Wild West. ARMS The player has different types of weapons at his disposal: a pistol, a shotgun, a double-barreled gun, a minigun, a hammer and a laser cannon. Each level provides for a certain type of weapon available to the player. ENEMIES Evil cowboys with various abilities will fight against the player. Some carry powerful shotguns, while others carry flamethrowers. Well, there are those who run fast and attack you in close combat. But don't think that everything is that simple! Each of the opponents is dangerous. GAME FEATURES: 6 game levels, differing in difficulty Fun and dynamic retro style shootouts Low poly stylization of the game world Different types of weapons available to the player Different types of enemies Dynamic soundtrack About This Game: The player's task is to destroy all enemies that come across on the way./\* \* Copyright (c) 2000-2001,2005 Silicon Graphics, Inc. \* All Rights Reserved. \* \* This program is free software; you can redistribute it and/or \* modify it under the terms of the GNU General Public License
