Asphalt 8 is arcade, airplane, air, boat, cartoon, driving, farming, free, game, racing, shooting, top-down, vehicle, and all DLCs for free. It is updated version of Asphalt series by Gameloft. The action game is now available on all major operating systems. Apart from this, the game has a lot to offer which include unlimited Free Drive mode, a map editor, many game modes, real-life licensed cars, and more. The game is developed by Gameloft, a mobile games developer. It was released on July 12th 2014 and was later released for Android and iOS platforms. This is one of the most played racing game among all racing games. Apart from this, the game is very popular. In this post, we are presenting you to download and play the game for free with no issues or downloads. Install Asphalt 8 for PC To play this game for free, you need to download Asphalt 8 Mod APK. I have already shared the download links for this game in the previous post. If you have downloaded the Asphalt 8 Mod APK, then you are good to go. If not, you need to install the Asphalt 8 Mod APK first. To install the Mod apk, you need to download the apk file. You can download the Asphalt 8 Mod Apk from here. Open your Android device's settings and open the security and then open the "Unknown Sources" settings. You should see an option of "All apps". Click on it and open the "Downloads" and search for Asphalt 8 Mod APK. Once you found the apk, click on it and install it. Once you install the apk, you can now play the game for free. Features of Asphalt 8 Mod APK If you have downloaded the Mod Apk, then you will be having unlimited Free Drive. A big map which includes 100+ locations. You can use remote to control your vehicle and a lot of other features. There is also an option of Racing Categories. The game is still running and some of the features are still working. You can race on various free Drive maps. You can easily unlock all DLCs if you complete the
