
Imagenomic Plugin Suite (Photoshop CC Compatible) [ChingLiu] 64 Bit

Imagenomic Portraiture 2019 Plugin for Photoshop / Lightroom has got a very well organized user interface. There are controls located at the left side of the interface which are handled via sliders. You can enter values for the sliders manually if you are not interested in dragging the slider back and forth. It has got three primary sections which include Smoothing, Skin Mask and Enhancements. The first two sections are visible by default and the Enhancements is collapsed. It lets you collapse and expand each section as well. It creates an auto mask based on the natural skin tones and the particular image you are working on. You can create custom mask which is very easy to do. It has been equipped with an eye dropper tool which you can use to select different skin tones in the image. All in all Imagenomic Portraiture 2019 Plugin for Photoshop / Lightroom is an imposing application which will eliminate the time taking manual labor of selective masking as well as pixel-by-pixel treatments to let you achieve perfection in the portrait retouching. You can also download Imagenomic Portraiture 3. Click on below button to start Imagenomic Portraiture 2019 Plugin for Photoshop / Lightroom Free Download.
