
Rance 01 English Patch

The first adventure in this game takes place during the Isana period when Kiku-Oh was being invaded by Sadaharu of Oda and the rest of the Hsien's army. Rance first appears when he saves the Princess Kou from some guy. From then on, she follows him through all the adventures he leads. Kou is a smart woman, and she uses her intelligence to get what she wants, as she was shown to have a sexual relationship with Rance later in the game. She is way too attractive to be any sort of damsel, as she easily beat Rance during the first fight. The best moment of this game, in my opinion, is the sex scene, which is long and detailed, and is accompanied by its soundtrack. The sex is great and is definitely worth the wait. Whenever Rance is engaged in battle, there will be sex, and there will be sex during the entire journey. After the Isana arc, Rance will go to the Oda village for the second adventure, with better armor and weapons, and stop the invasion of the Oda's army. During this quest, the second unit will be added. This battle is something amazing, as there will be enough tanks, nukes, and elements during the actual battle. The second time you will fight in the same region of the map, you can have two units. I recommend you to gather both the Oda and the Hsien units at the same time. The third time you will fight the Oda during the battle near the village, they will have allies and buy their own units. The third time is the best, as there will be tanks, mecha, nukes, and all of the elements in the third battle. If you are able to kill all the Oda units, it can take a few hours of playtime to finish, but it is the perfect time for a break. The best part of this battle is that the Oda attack with their own units, and the Hsien attack with their own. It becomes a real battle, with real damage.

Rance 01 English Patch

This is when Rance appears with Sill on his side, and taking a job of defeating magician maidens and saving the town. But after some research he finds out that actual evil guy was Ragithis himself, who put four magical rings on four maidens. That rings are giving a great boost of magical power to its bearers, but also able to steal magic power from virgin sorceresses and after collecting magic power of 40 maidens anyone could use these rings to obtain unlimited power. The leader of girls, Masou Shizuka, figured out Ragithis plan and rebelled against him but it was too late cursed rings could not be removed and the curse started to drive maidens crazy. Now they are sheltered in the labyrinth beneath the town abducting young girls from the town and killing everyone who tried to go into the labyrinth and stop them. Free update for Rance is scheduled to be released on May 24th 2014, featuring new costume designs for the characters as well as some new character art. Other than that, it won't change the gameplay in any way. The next Letter from the Producer LIVE will be featured as a segment of our 8th 14-hour broadcast! The livestream will be split into two parts first, we'll reflect on Patch 6.2 and review what's to come in Patch 6.25. Then, we'll take a closer look at what it means to be part of FFXIV's Scenario team. You won't want to miss it! In a special edition of the BBM's program, 2 new Encounters can be downloaded. It's the beginning of the adventure of Rance and Sill! After the impressive run, battles, and epic magic destruction of Patch 6.2, Rance and Sill will challenge the current Rance of the FFXIV scenario! In this fighting style, Rance is a "dishonorable soldier" who thinks of nothing but himself and his own pleasure. Using a number of exploitable weaknesses, Rance is a formidable player with an arsenal of attacks such as Multiple Incantations (a move that allows Rance to cast spells with greater power each time he casts a spell) and the "Annihilate" skill where he fires an attack that destroys everything in its radius. 5ec8ef588b
