This book is divided into three chapters. The first one is devoted to the description of psychology and the science of sex. This book also was still famous for the fact that it gives the definition of virginity, thus defining what is considered sex relations. The second chapter contains most important advice about sexual intercourse. After those descriptions, Vatsyayana shows the right way of sexual intercourse. Let's mention his advice in such cases as they may be. Vatsyayana concludes his work by defining the main rules of sex. This includes verses of Gita and the definition of sex with women are mentioned. The practical advice in the second chapter is mostly fascinating. Of course, it's not a fantasy-oriented book. On the contrary, the goal of Vatsyayana was to bring people into the depth of the right sex, to rid them from false conceptions about sexual intercourse. Vatsyayana says that when sex is refined, it will bring you bliss, prosperity, social contacts, family, your reason for living will be strengthened, your health will improve and even your religion will be better developed. This is because Vatsyayana's thinking, as with many other sages, is quite logical. Here is a quote

from his book. However, in this view, we will find a contradiction. On the one hand, this is a book about sex. On the other hand, it's a book about how to act properly, i.e. not to do bad things to one's body and mind. We'll mention what's bad in the next part of this summary and you will notice how good it is a book. What is a good book about sex? From such a book, you will learn how to find a partner, how to introduce her to your family, how to manage the time of intercourse, how to behave when you are tired of sex and how to concentrate on her and enjoy every sexual act. Unfortunately, Vatsyayana's work only tries to analyze the role of sex in a negative context, as some have mentioned, and that's a part of it, but its whole aim is to analyze sex positively. However, if someone claims that Vatsyayana does not leave any room for any fun in sexual life, then we would argue with them and say that is not the case.
