Aquamaster - Aquamaster - Ingredients containing Watermelon Extract - Enjoy a supply of clean water.. 2) now download this application from the given link [ and get this application.Tannic acid attenuates methylmercury induced toxicity in B6C3F1 mice. Methylmercury (MeHg) is a potent environmental pollutant that impairs the development and function of the human brain. Fish, which contain high levels of polyphenolic compounds, have been suggested as potential dietary sources to mitigate MeHg intoxication. In this study, we examined the ability of tannic acid (TA), a major compound of the seed extract of an edible plant, to mitigate MeHg-induced toxicity. Sprague Dawley rats given i.p. TA at doses of 3 and 6g/kg body weight showed significant protection against MeHg-induced weight loss, and they demonstrated decreased serum alanine transaminase (ALT) and aspartate transaminase (AST) activity. Exposure of B6C3F1 mice to TA (0.5, 1.0, and 2.0g/kg) for 14 days induced significant protection against MeHg-induced elevation of liver AST and ALT activity. The B6C3F1 mice given TA at 2.0g/kg also demonstrated prevention of MeHg-induced hepatotoxicity. The induction of GST pi was up-regulated by TA treatment. This study suggests that TA at doses of 0.5-2.0g/kg might be a potential herbal agent to protect against MeHg intoxication.\*\*\*\*\* Copyright (c) 2000, 2009 IBM Corporation and others. \*\* This program and the accompanying materials \* are made available under the terms of the Eclipse Public License 2.0 \* which accompanies this distribution, and is available at \*\*\* SPDX-License-Identifier: EPL-2.0 \* \* Contributors: \* IBM Corporation - initial API and implementation \* Stephan Herrmann - Contribution for \* Bug 468298 - [1.8][compiler]Type Assignment] Cast operator does not overload the
